COMMERCIAL INTELLIGENCE

THURSDAY EVENING, JULY 28.

ALTHOUGH the London Money Market is unchanged, Consols have lost the previous day's advance, and are again quoted at 100⅞, French Rentes are unaltered at 119¼, and the 3½ per cent. Indian Sterling Loan at 103⅜ ; but Enfaced Rupee Paper, owing doubtless to the weaker accounts from this side yesterday, shows a decline of ½ per cent. in Fours at 85⅞ and ¼ per cent. in Fours-and-a-half at 92¼.

In the General Produce Markets Coffee and Cocoanut Oil come unchanged ; Linseed is unaltered ; Rapeseed firm and 6d. to 1s. per quarter higher ; Wheat unchanged.

In Metals Reuter's weekly quotations show no change of any kind.

Piecegoods in Manchester are reported firm, and the Liverpool Cotton Market yesterday closed firm for Americans, steady for Surats, the day's sales being estimated at 14,000 bales. In spot prices an advance of 1-16d. is quoted in Mid. Uplands, but otherwise there is no change. In New York yesterday ready Mid. Uplands were 1-16 cent. higher at 11⅞ cents. October shipment 4 points higher at 10·66 cents. per lb. The receipts at the U. S. ports to date give the following comparisons :—

	1881.	1880.	1879.
Wednesday's Receipts ..	3,000	1,500	500
Five days' do.	11,000	7,800	1,900
Total since 1st Sept	5,688,000	4,896,000	4,427,000

EXCHANGE.—The announcement that Government had affixed a minimum on Council Drafts yesterday of 1s. 7⅞d., and that nothing had been allotted in consequence, has necessarily had a most unsettling effect on the market to-day. The general opinion yesterday varied from 1s. 7 9-16d. to §, and even if the latter figure had been fixed as a minimum, no great surprise would have been felt. But to put down the rate they did was so unmistakeably beyond the market, that people seem rather inclined to think that there is something more in it than appears on the surface. In the meantime the effect has been to induce an advance of 1-32d. to 1-16d. per rupee, at which the market closes steady ; at the same time a very undecided feeling undoubtedly prevails, the more so that we are as yet ignorant as to what amount will be offered next week. Closing quotations are :—

Bank Bills on demand	1s. 7⅞d.	per rupee
Do. telegraphic	1s. 7 9-16d.	,,
Do. 3 months' sight	1s. 7 23-32d.	,,
Credits, 3 ,, ,, ..	1s. 7 27-32d.	,,
Documents, 3 ,, ,, ..	1s. 7¾d.	,,
Finance, 9 ,, ,, ..	2·09½ to ¾	,,

On Calcutta the demand rate continues at par to 1-16 per cent. premium, 60 days' sight at 7-16 per cent. discount.

GOVERNMENT PAPER has recovered somewhat in tone from the depression apparent at the close yesterday, and values have advanced to Rs. 104 13-16 to ⅞ for Fours and Rs. 112¾ to Rs. 113 for Fours-and-half. A considerable portion of the improvement is no doubt due to the better tone advised from Calcutta, where quite a panic was caused yesterday by the fact of Government ascertaining that cheques for a large proportion of the allotments were practically waste paper. Some estimates made these out to be as much as a crore ; but this was evidently beyond the mark, and in all probability it has been found that the deficiency in this respect is much smaller than was at first estimated. In any case there would, of course, be no difficulty to Government in disposing of the amount not provided for, as they always have the native chiefs to fall back upon, and in all probability the ultimate result will be rather to strengthen paper than the reverse.

SHARES.—The market has been firm to-day, and such movements as are recorded are in favour of sellers. Banks are unchanged, as also are Land Companies. In Press shares there is an advance of Rs. 10 in Albert and French Press, and Rs. 25 in Fort. Spinning and Weaving Companies as a general rule are Rs. 5 higher. Amongst Miscellaneous companies the only change noted is an advance of Rs. 25 in Bombay-Burmah Trading Co.

COTTON to-day has been firm, but rates are not quotably altered. There is still some little business doing in F. G. F. Omra and Dhollera, but the generality of shippers hold aloof, and probably to their ultimate advantage.

SEEDS and WHEAT show no change.

FREIGHTS are quiet but firm at previous rates, both as regards immediate shipment and forward chartering.

PIECEGOODS on the spot are unaltered in every respect, but the prospect of a turn in exchange has induced a somewhat more active enquiry for future delivery. The discrepancy betwixt rates here and in Manchester, however, is too great to admit of much resulting from such offers as are now obtainable.

COALS are unaltered. On the spot there is nothing doing, and to arrive buyers decline to pay anything like the figures at which imports can work.

THE Press Commissioner informs us that the long expected first engagement between Ayoub Khan and the Amir's troops has taken place, and that Ayoub has won a signal advantage. The battle is said to have lasted from early morning until 11 a. m., when one of the Amir's regiments went over bodily to the enemy, and the rest of his army melted away. That the Amir's defeat should have been due to a wholesale desertion of the kind reported is more significant than that he

(FROM OUR OWN CORRESPONDENT.)
ALLAHABAD, JULY 28.

The news from Kandahar is conflicting and untrustworthy. A rumour is current that Haji Abdul Salam has crossed the Helmund into Dehrawun with two hundred sowars, in order to raise the country in Ayoub's favour.

The people of Dahla and Nish have refused to receive the Amir's governors, and everything around Kandahar appears ripe for insurrection.

The Amir's officials gave out that Ayoub's army is small, ill-disciplined, badly equipped, and so short of carriage that his sowars are carrying the ammunition for the guns. On the other hand, it is known the temper of the Amir's soldiery is uncertain.

It is thought that Hashim Khan's desire to negotiate with the Amir's officers was merely a ruse to gain time.

SIMLA, JULY 28.

HER MAJESTY'S gun boat Dryad, 9 guns, Captain John Hext, R.N., arrived in Bombay harbour yesterday, from Muscat, which port she left on the 23rd July.

IT is reported from Baghdad that there had been no case of plague since June 27. Quarantine at Selahie, Tenkret, Ghumet Ali, Aleppo, and Damascus has been reduced to eight days.

THERE were only 16 deaths from cholera in Bombay in last week reported on, as compared to 22 in the preceding week, and 42 during the week before that. In Surat last week there were 242 cases and 156 deaths reported ; in Baroda, 100 cases and 48 deaths ; in Bassein, Mahim, and Salsette, 30 cases and 16 deaths ; in Broach and Ankleswar, 9 cases and 7 deaths.

THE chief offender in the raid on the picquet of the 19th Bengal Lancers was Karnal, a man of the Malikdin Khel ; and it is almost certain that all his accomplices were Khyber Afridis.

THE case of Muhammad Shah, the tahsildar of Dipalpur in the Montgomery district, who is now under suspension on charges of bribery, and other grave misconduct, will probably be tried about the end of next month, when Mr. C. E. Gladstone, Officiating Deputy Commissioner of Jhang, while *en route* to Dharmsala to take up the duties of Judicial Assistant there, will halt for a few days at Montgomery specially to try the case.

THE *Gazette of India* of the 23rd inst. contains the Government resolution detailing the stores and stationery which it is considered can be obtained locally. Local Governments are directed not to indent on England for these or other articles capable of manufacture in India. The same *Gazette* contains a resolution setting forth the new system, defining the duties, and regulating the relative positions of the Comptroller General and Military Accountant General, and the other officer of the Military and the other Account Departments.

HIS EXCELLENCY THE GOVERNOR has been pleased to appoint Surgeon J. Findlay, M. B., to act as Medical Officer on His Excellency's personal staff during the absence on leave of Surgeon G. maters, from the 23rd August next.

A CALCUTTA paper says that the large amount of capital that has been offered for the Jessor-Khulna scheme affords some ground for hoping that other undertakings of a similar kind might now be launched on terms less onerous to the Indian taxpayer. The markets, however, like the tides, wait neither for men nor Governments, and it is satisfactory to see, from the surveys ordered, that the Government of India is alive to the desirability of taking time by the forelock.

"THESE are fine times for borrowers," the Allahabad paper remarks, "and the Indian Government has benefited by the peculiar state of the money market, receiving what is probably an unexampled premium on its new loan. By obtaining 104-12 for every 100 rupees of its new notes at 4 per cent. it is practically borrowing at 3·84 per cent., and is thus brought into very good company indeed, as Governments may be ranked according to their financial standing. The British stocks are of course above the new Indian loan in dignity, as this is measured inversely by the magnitude of the dividend; but looking down the whole list of foreign stocks, analysed in certain tables published occasionally by the *Economist*, we only observe the French and some American and Dutch securities as yielding to investors a lower rate than that now accepted by subscribers to the new Indian loan. A considerable mass of British colonial securities are, however, put on the same level of respectability."

THE Volunteer movement in Ceylon is reported to be making excellent progress both at Colombo and at Kandy, and the corps that have been organised shew an amount of enthusiasm in their work that promises a high state of efficiency. All classes have joined the corps in a commendable spirit of emulation, and the Ceylon Volunteers promise to justify the confidence which called such an organization into existence."

WE have received a copy of the prospectus of the Western India Rifle Association for 1881. A new feature is a match, open to all comers, to be fired at unknown distances between 700 and 450 yards and at targets 6 ft. high and 2 feet broad ; bull's-eye to be a black mark in the middle of the target 2 feet square and counting four ; centre outlined 1 foot below and 1 foot above the bull's-eye, counting three ; and outer, rest of the target, counting two. The conditions state that "any number of targets may be used, placed at an interval of six feet from each other, and numbered separately from left to right. Competitors to draw lots for each target. Squads being formed according to the number of the targets, shall advance under the charge of the Local Secretary to an unknown distance between 700 and 650 yards, to be shown by the latter, where each competitor shall fire two shots at his own target independently of the other competitors. The squad will then proceed to an unknown distance between 650 and 600 yards, and fire two shots there under similar circumstances ; and in like manner proceed to shoot at unknown distances between 600 and 550, 550 and 500, and 500 and 450 yards, two shots at each distance. The hits not to be signalled until after the completion of the shooting of the whole squad. The shots to be signalled with flags only, and not shown on the targets with discs." Other new features are that the winner of a first prize will not be obliged to accept a silver cup "value Rs. 100," but will be allowed to take the money if he prefers it and buy something which may be more useful to him ; and that "any military breech loader" is placed on a par with the regulation Martini Henry in the classification of rifles. This last alteration is not a good one, as it tends to favour those (members of the committee and a few others) who can afford to buy rifles of their own which carry a heavier charge than the Martini and undoubtedly shoot closer at the long distances, and to handicap a large number of members and volunteer and military "associates" who must shoot with the Government weapon. We are afraid this rule will render the W. I. R. A. a less popular meeting than it has been during the last few years, and that many men who have no other rifle but their regulation M. H. to shoot with will refrain from shooting, and of course from subscribing, altogether.

THE Bombay correspondent of the *Pioneer* writes :—The Bishop gave us rather a startling discourse, last Sunday evening, on the subject of slander in Bombay ; and some one from Colaba asks for a second edition of it in the church there. I cannot argee with either one or the other that it was necessary or called for. That we know much more of one another's affairs in India than at home is indisputable, but that slander or other evil resulting therefrom in so large a place as Bombay is sufficient to call for severe comment, I do not believe ; while, on the other hand, some of the ill-effects are avoided of living as one often does at home in utter ignorance of one's next-door neighbour, and merely on bowing terms with the rest, judging them entirely by their outward appearances, admiring often in them what should be condemned, and condemning what should be admired. The Bishop has, I think, erred in applying to Bombay in particular remarks which cannot be based on his own knowledge, for circumstances, in which we feel for him, have really been dead against his becoming intimately acquainted with the condition of Bombay society ; and those who are in a better position than himself to judge us in that respect are more inclined to think that we err on the right instead of the wrong side in the judgment of our neighbours. There may be places up country where slander is rife, but there will be found in them causes of jealousy and want of better occupation, which cannot be said to exist in Bombay

THE same correspondent notes that an "at home at Gunesh Khind is fixed for the 27th of July, the first anniversary of the battle of Maiwand. On the 27th July, 1880, a good many reputations died sadly enough, and many a dead friend and comrade of some who will be dancing next Wednesday will, perhaps, claim a moment's regret as the ball-room at Gunesh Khind and the dreary Afghan field are contrasted ; but so the world wags on, and perhaps it is as well to dance on that night as any other ; and, after all, defeats and disgrace are now so common that really ere long there will be too many anniversaries of disasters to make it possible to mark *all* of them even with a dance."

THE reason why the North-West Provinces Government determined not to take any further step in the "Fisher Case" was that the so-called "charges," though they looked ugly at first, were really of the most trumpery character. The charges, it is stated, were as follows :—1st, that a woman was found murdered near Mr. Fisher's camp, by relatives whom she had disgraced through his fault. 2nd, that, attracted by the alleged charms of a certain native woman, he had endeavoured to force his way into her zenana. 3rd, that he had been unduly familiar with *nautch* girls at dances given on the occasion of a horse fair in his district. As to the first allegation, it was found that on the night in question Mr. Fisher was not in his camp at all, but in Meerut, entertaining Mr. H. S. Reid. As soon as the murder was reported he offered a reward for the discovery of the murderers, and did all he could as a magistrate to bring the culprits to justice. The woman herself was not recognized, and Mr. Fisher himself knew nothing about her. As to charge 2, *risum teneatis*, —the lady turned out to be a grandmother. As Magistrate, Mr. Fisher's influence was invoked on behalf of some adopted grandchildren whose property she was alleged to be dissipating. It is needless to explain that Mr. Fisher's visit to her, accompanied by the tahsildar, was of a perfectly magisterial and decorous nature. As for the *nautches*,—Mr. Fisher had taken an interest in getting them up with the view of giving *éclat* to the fair ; but all the fabric of misrepresentation built on this slender foundation crumbled utterly away when looked into. The *Pioneer* remarks on the above explanation :—"If one may deduce the moral that it is indiscreet of a magistrate to take an interest at any time in getting up, or supporting, any sort of entertainment in which natives are concerned, that at any rate is all that remains from an investigation of the celebrated 'Fisher Case.' Once more, however, we may point out that if a street boy steals a purse, he is not let off punishment because he is such an insignificant or contemptible offender ; and that the person who filches from a magistrate that which Iago assures us is worth more than a purse ought—no more than the pickpocket—to obtain immunity on that plea."

THE *Pioneer* regards the attack upon the post of the 19th Bengal Lancers at Peshawur as the first sign of revived lawlessness among the local tribes ; and although only a small number of hillmen seem to have cut up the unfortunate sowars, there can be little doubt that the affair was carefully planned. The loot was most valuable, Snider carbines and ammunition being in the eyes of Afridis more precious than fine gold. The boldness of the attack is the most noticeable feature in connection with the affair ; for if a permanent post on the Jamrud Road is not safe from marauders, then residents within cantonments are likely to find that there is no security even in their bungalows. The patrols along the Circular Road have been generally looked upon as being sufficient to intercept such bands of robbers as may venture within bounds ; but this last petty raid has shown that a handful of determined men may, with impunity, destroy a post almost within hail of the garrison. Once the Afridis become convinced of their ability to cut up our picquets, the neighbourhood of Peshawur will be a very unpleasant one, unless strong measures are taken to check these inroads. The garrison is large enough to take care of itself ; and if men on outpost duty cannot do their duty more effectively, the sooner more practical work is required of them the better for their reputation. The inquiry which is being made into the circumstances of the late attack out to be a very strict one, as a repetition of the affair would be felt a disgrace by the whole of the troops in the cantonment.

WITH regard to the origin of crinolines, the report of the native explorer, who was sent by the Survey Department to travel in the country about the Upper Irrawaddy is interesting. In the village Ta-saing, it appears, the latest fashions are these :—"The women wear waist-cloths, which they tie around them with waist-bands. Above, they wear loose jackets with short sleeves. At the waist they wear girdles made of cowries. On the neck they wear white and red beads. Above the calf up to the knee they wear hoops of rattan dyed with black."

A COMPANY has been organized in Ceylon for making beer, called the Ceylon Brewery Company. A Colombo paper says its scene of operations will be at Newera Eliya, and considering the influential names that appear in the prospectus, the enterprize ought to succeed. "We may, however, mention that a similar experiment was tried some twenty years ago by Mr. Baker, also at Newera Eliya, and though a certain quantity and quality of qeer was made, it could not compete with the imported article, and the enterprize had to be abandoned. We trust the new company, knowing where to avoid the former blunders will prove a success; for good sound ale, at prices which will bring it within reach of the masses, cannot fail to do away with the pernicious habit of dram drinking so common all over the country, whether the dram take the form of brandy and soda or the glass of tavern arrack."

REGARDING gold in Ceylon, the Colombo *Times* writes :—The gold visible to ordinary sight should have been found in Maskeliya quartz is not at all surprising ; indeed it bears out what has been known for years past, that gold-washing in the sands of one or two of the rivers in the neighbourhood of Ratnapoora has been carried on to a paying extent. This fact clearly points to the existence of a matrix of the precious ore in one of the great dividing ranges which stretch southwards from Adam's Peak. What more probable than that gold should be found on the Maskeliya side of the range as well as on the Ratnapoora side? Having once come on a gold-bearing reef, it only remains to follow up the investigation until more decided results are obtained. The specimen of quartz in question is reported by Mr. Dixon as bearing a strong resemblance to Wynaad quartz, being sulphurous cavernous blended with much pyrites, and having a pinkish tinge. Further and larger specimens are on their way down for examination, so that more information will be available very shortly.

THE Eclipse screw corvette, 12 guns, Captain E. St. J. Garforth, has returned to Trincomalee from the Chagos Archipelago, where she had been sent in pursuance of orders from the Naval Commander-in-Chief on the East Indian station, by direction of the Admiralty, to report as to whether Deigo Garcia, the principal island of the group, would prove a suitable site for a midocean coal depôt, and if so the practicability of effectively fortifying it against attack and capture by an unfriendly Power. To investigate this latter subject the Eclipse embarked, before leaving Trincomalee, Major Barton, Royal Engineers, the commandant of the garrison at that port. A special reporter of a Ceylon paper, who accompanied the expedition, states that "a point in the island of Deigo Garcia on its large northern harbour was fixed on by the Eclipse as suitable for a coaling station, and a complete survey made of the channel to it, and its immediate vicinity ; and the further progress of the whole matter will now rest with the War Office, Admiralty, and Board of Trade, as well as the mercantile steamer firms principally concerned, who, on consideration of joint report furnished by Captain Garforth, of the Eclipse, and Major Barton, Royal Engineers, will finally determine whether Deigo Garcia is to become an important mercantile port in the future, or be again relegated into the obscurity from which it has temporarily emerged."

WITH regard to the report that the Alai Valley may possibly be visited by a flying column in the autumn, the semi-official *Pioneer* desires "to remove some misconception which seems to have arisen. The fire-eaters of the frontier have, in some curious way, jumped to the conclusion that a large force of all arms, British and native, is to be told off under the command of Sir Michael Biddulph, to punish the Alaiwals ; and eager officers have actually applied to be placed on the staff when the division is formed. There is not the slightest chance of any but frontier troops being employed, if indeed an expedition is sanctioned after all ; for the Alaiwals are not likely to make any show of resistance, and it would be ridiculous to send a large force into such a country. Two or three thousand men would be quite equal to the task.'

THE increase of suicides is beginning to startle the Press of Berlin. In Saxony, which is the centre of the so-called imperialist liberal party, their frequency is appalling. In this kingdom they are calculated at 450 per million annually, whilst in London they reach only 85 per million.

"WHAT will become of poor old England?" asks the London correspondent of a contemporary. "As if it were not a sufficient misfortune to lose our "Universal Enlightener" in the person of Mr. Grant-Duff, we are to be deprived of the invaluable æsthetic guidance of Mr. Oscar Wylde, the limp young gentleman with a passion for sunflowers, lilies, and praise who is supposed to be the original of George du Maurier's Mawdle. This gifted creature is about to take passage for the United States, under charge of Mr. Beaucicault. Lectures on art are the object of the visit ; the barbarian "Yank" is to be taught the sweet jargon of utter-ism, as a first step towards getting rid of his spine.

"EVERY lover of good English," writes a correspondent to a London paper, "is revolted by the aspect of a page of an English classic as it comes from an American press, with its *honor, favor, neighbor, theater*, and other kindred abominations. Why is it, then, I should like to know, that the same malpractice is to be found in existence among those who might be expected to be most fastidious in such things ? If an advertising circular tells me that such and such a tradesman 'has the honor' to inform me of this or that, I am not particularly surprised, though I do not know why circulars should be worse spelled than other things. But what is surprising is that people who ought to know better —if I may judge from an accumulation of the season's cards on my table—uniformly and without exception desire the *honor* of my company at dinner, and request the *favor* of an answer. *Obsta principiis.* Why permit this odious innovation even on a card of invitation ?"

BANGALORE.

(FROM OUR OWN CORRESPONDENT.)

BANGALORE, JULY 24.

THE last day's races took place yesterday evening before an enormous concourse of people, the number of whom it would be impossible to tell. There were seven races, including a purse of Rs. 50 from H. H. the Maharaja of Mysore, with Rs. 50 added from the fund, for the Sillidars or Cavalry. This race caused infinite amusement, the men riding in full uniform. One poor fellow had a tumble. I was unable to ascertain whether he was much hurt.

Winners' Handicap.—Rupees 500. 2 miles. For all horses. Forced for winners, optional to losers at Rupees 50. Rupees 50 for each race won, and Rupees 50 for a start.

Raja of Paikpara's ch t aus g Fizz, 9st. 7lb., Vinall	.. 1
Mr. Robertson's g aus g Caongoola, 8st. 11lb., Clarke	.. 2
Mr. Maguire's b aus g Ecarté, 8st. 12 lb. Cozens	.. 3
Col. Warrington's b aus g Exile, 9st. 7 lb., Burton	.. 0
Mr. Herbert's b aus g At Last, 8st. 2 lbs., Bowen	.. 0
Mr. Ernest's br aus g Comrade, 7st., Native	.. 0

The first race was the Winners' Handicap for Australians. Six horses faced the starter, Mr. Going. Fizz and Caongoola sold best in the lotteries, Exile and Ecarté being next in favour. Comrade, as usual, was out of the race from the start. It is a great farce giving a native the mount of this horse, for it is very evident that he cannot hold him, and the horse does simply what he likes. After a very good race Fizz justified public estimation by winning a short length in front of Caongoola. Time, 3-49½.

Winners' Handicap.—Rupees 500. 2 miles. For Arab and Country-bred horses. Forced for winners, optional to losers at Rs. 50. Rs. 50 for each race won, and Rs. 50 for a start.

Mr. Aga Mocchool Shah's b a h Empress, 8st. 4lb. Tingey	1
Col. Utterson's g a g Grey Warrior, 6st. 7lb., Kareem	2
Mr. Aga Ali Asker's b a h Copenhagen, 8st. 7lb., Blackburn	3
Major LeMarchant's b a h Budelight, 8st. 7lb., Bowen	0
H. H. Aga Khan's b a h Volunteer, 7st. 12lb., Rowjee	0
Major Crosbie's g a g Grey Leg, 7st., Burton	0

The next was another Winners' Handicap for Arabs and C.B's. Mr Ali Asker's Copenhagen was here the favourite, selling in the lotteries for three times as much as the second horse. Copenhagen and Volunteer made the running very hot all the way round ; but a quarter from home Tingey shook out Express, and won easily, with Grey Warrior second. Time, 4-1.

Consolation Stakes.—Rupees 300. R. C. For all horses that have started and not won during the meeting.

Mr. Maguire's br aus c Epilogue, 10st. 7lb., Cozens	.. 1
Raja of Paikpara's bk aus g Franciscan, 7st. 7lb., Master F. Pierson	.. 2
Col. Utterson's b aus m Maid of Orleans, 8st., Vinall	.. 3

The Consolation Stakes for Australians, brought out only three horses. Master Pierson, the son of an officer of the gallant Royal Tigers, stationed here, rode Franciscan, took the start, and led the whole way round far in front of the other two. But Cozens' maturer judgment triumphed. Epilogue was held in to the very last, when he was let out, and won by a very short head. Time, 2-20.

Consolation Stakes.—Rupees 300. R. C. For Arab and Country-bred horses that have started and not won during the meeting. Rs. 10 for each horse entered, and Rs. 50 for a start.

Col. Ducat's g a c Shumla, 6st. 12lb., Kareem	.. 1
Mr. Stephen's b a h Eldorado, 7st. 11 lb., Gerard	.. 2
Mr. Abdool Rahman's ch t a g Ringlet, 7st. 11lb., Native	.. 3
Mr. Aga Jaffa's b a h The Shah, 7st. 9lb.	.. 0
Major Crosbie's g a c Star, 6st. 12lb., Rowjee	.. 0
Mr. Hasting's b a g Priam, 6st. 12lb., Burton	.. 0

The Consolation Stakes for Arabs and C. B's. was the next. Six horses were coloured ; Eldorado, Priam, and Shumla selling best in the lotteries. There were six false starts, Priam being very restive indeed. The seventh attempt was successful, and Priam bounded off, keeping the lead, with Ringlet on his hindquarters. At the ½ mile, however, he dropped off, and it looked as if Eldorado and Ringlet had the race between them only. Shumla, however, crept up, and in the end won by a number of lengths. Time, 2-28.

For all Ponies.—Rs. 200. ½ mile. Free handicap, with a starting sweep of Rupees 20.

Mr. Ernest's b c b Forget me-not, 8st. 2lb., Vinall	.. 1
Mr. Patterson's b c b Fat O'Hara, 7st. 7lb., Burton	.. 2
Mr. W. Smith's ch t c b Katie Lee, 7st. 4lb., Tingey	.. 3
Major Crosbie's ch t a Ruby, 11st., Cozens	.. 0
Captain Cooper's ch t a Caliph of Baghdad, 9st., Blackburn	.. 0
Mr. Kemparaj Urs bk c Trump, 8st., Master F. Pierson	.. 0
Mr. W. Smith's ch t c b Chuckle, 7st., Kareem	.. 0

The same lot as before appeared. Ruby, carrying 11 stone, was the favourite, but Forget-me-not and Katie Lee had numerous supporters. Forget-me-not did not deceive his supporters, winning easily, with Fat O'Hara second ; Ruby in the crowd. Time, 0-57½.

Silladar Horses.—Prize of Rs. 50 from the Maharaja of Mysore, with Rs. 50 added from the fund.

Then followed the Silladar race, and after, a selling stakes race closed up the card for the meeting.

This is the last of the Bangalore races, though there is another day of steeple-chasing at Agram, about 4 miles out in the country. I think the stewards and every one concerned have reason to congratulate themselves on the success of this year's races. The weather has been very good, the fields large, the races themselves well-struggled for, and last, but not least, the attendance has been large.

Dave Carson makes his first appearance, in conjunction with the Clara Stanley Troupe, on Tuesday next, the *Grande Duchess*, being the piece announced. Though rather late, I fancy Dave will meet with a hearty reception.

Sir James Gordon left for England yesterday. All the civil and military officers in the station off duty were on the platform to see him off, as well as H. H. the Maharaja in full suite—an instance of the popularity of the Resident.

New taxes are about to be introduced, and, I hear, a new loan. The Mysore Government sadly wants the latter. I shall endeavour to write you a special letter bearing on these two points.

Every one here has read with regret of the retirement of Colonel Arbuthnot, of the 14th Hussars, on half-pay, announced in the *London Gazette*. From a private letter received here, I am given to understand that desertions in the Hussars at Durban have been very many. It is also said that Colonel Arbuthnot is very unpopular with the men. Of course I cannot say if there is any truth in this. Among the *élite* he was certainly very popular, and his numerous and splendid entertainments were much liked.

General Payn, C. B., gave one of his enjoyable garden-parties on Friday last ; the attendance was enormous. A military band was present.

From Ooty I hear that Sir Frank and Lady Souter, of Bombay, are making themselves very pleasant and popular. Lady Souter has just given a very nice picnic to the fashion of Ooty, which has been pronounced by competent critics to have been an unqualified success. One hundred and fifty guests were invited. Miss Dolly Souter recited very prettily during the evening.

Rain still keeps off, though at times black clouds gather, and there is every appearance of a good downpour to come. Notwithstanding this, the exhibition of fruit and vegetables at the local market is good in the extreme. The price of provisions is steadily rising. One of the largest tanks—the Sumpunghy—is quite dry, an occurrence which has not happened for years and years. I quite agree with a writer in a local paper when he proposes the institution of an Agricultural and Irrigation Department in the Government of Mysore. We cannot always expect to be helped from the English Mansion House during these periodical famines, and something ought to be done in time to prevent the recurrence of these fearful visitations.

HIGH COURT.—JULY 28.

(Before the Hon'ble Sir Charles SARGENT.)

THE GOCULDAS TEJPALL CHARITIES.

SHAMAVAHOO VS. DWARKADAS VUSSONJEE AND OTHERS.

MR. INVERARITY, instructed by Messrs. Jefferson, Bhalshanker, and Dinshaw, appeared for the three officiating trustees of the funds; Mr. Lang, instructed by Messrs. Hearn, Cleveland, and Little, for the plaintiff; and the Hon'ble Mr. Marriott, instructed by the Government Solicitor, for the Advocate General. Mr. Inverarity's application that the trust securities, amounting to nearly Rs. 10,00,000, be deposited with the Bank of Bombay in the names of the officiating trustees, was further argued. The Advocate General urged that the testator's will itself directed that the funds should be given in charge of Government, and that Government having declined to take charge, the safest course was to deposit the securities with the Accountant General, even though the commission he proposed to charge was high. Mr. Lang submitted that it would not be safe to leave such a large amount of money at the disposal of the three officiating trustees. Mr. Inverarity, in reply, contended that the Government having declined to take charge of the fund, the court had no option, without altering the scheme for the settlement of the charities, which had been formally sanctioned by the court, but must deposit the securities in the Bank of Bombay. The learned counsel said he was prepared to argue that the court had no power to interfere with the wish of the officiating trustees, in accordance with a clause of the will, to deposit the notes with the bank. After some further discussion the matter was again adjourned.

THE LATE MR. MERWANJEE FRAMJEE PANDAY'S CHARITIES.

KHURSETJEE RUSTOMJEE CAMA AND OTHERS *vs.* W. G. RIVETT-CARNAC AND OTHERS.

MR. STARLING and Mr. Jardine, instructed by Messrs. Shapurjee and Thakurdas, appeared for the plaintiffs. Mr. Fox and Mr. Russell, instructed by Messrs. Hearn, Cleveland, and Little, appeared for the first defendant, the Administrator-General. Mr. Lang and Mr. Inverarity, instructed by Messrs. Crawford and Boevey, for the trustee defendants.

Mr. Starling, in continuing his reply on behalf of the plaintiffs, read from several documents in support of his contention that the trust settlements of Merwanjee Panday could not stand, because he had always reserved to himself the power of revocation. The learned counsel denied any acquiescence in the institution of the Sanatarium and Dhurmsalla charities on the part of Muncherjee Cama, who was, he said, not acquainted with the real state of things during his stay in England and until an inspection of Merwanjee Panday's books was obtained. The schemes had been settled by Merwanjee long before any act which could be called acquiescence was done by Muncherjee Cama. Nothing had been done by Muncherjee which could prevent his coming forward and saying that the trust deeds should be set aside. It was not known until the books were inspected that Mr. Panday borrowed four-and-a-half lakhs of rupees of the Camas on the plea of his being in difficulties, and that out of the sum he paid Rs. 25,000 for the building of the Dhurmsalla. This was certainly, Mr. Starling said, a fraudulent act on the part of Merwanjee Panday, and altered the whole course of dealing between him and the Camas. As to the statute of limitation, the learned counsel submitted that the suit of the trustee plaintiffs was brought within three years of the date of the deeds of the Sanatarium and the Dhurmsalla, and he maintained that neither on the ground of acquiescence nor of limitation was the suit unsuitable. The reply was not finished at the rising of the court.

BENGAL.

A MAGNIFICENT REQUEST.—A case of very considerable importance to Calcutta has just been arranged at Home. It was that of *Irving* vs. *The Marquis of Hartington, as Secretary of State for India*. So far back as 1827, a Mr. Alexander Bruce, an Indigo Planter, died, leaving to his two daughters a fortune of £100,000. Miss Sarah Bruce, the elder, received £60,000, and the younger, Miss Mary Ann, £40,000. They never married, but lived together till 1850, when they separated, owing to some sisterly dispute. Sarah desired her sister to join her in leaving the bulk of her property—"For the purpose of founding an institution at Calcutta for the care and education of half-caste female orphan children." Mary Ann Bruce agreed to this proposal at first, but subsequently, in October, 1874, she executed a will, which benefited Mrs. Irving, the daughter of the first cousin of the testatrix. This will was disputed by the Secretary of State, on the grounds that the will was not duly executed; that the deceased was not of sound mind; and that she did not know and approve of its contents. The case came on lately before the President and a special jury in the Probate and Division Court, but had not proceeded far, when it was stated that an arrangement had been come to, by which the will of October 1874 was to stand. But the sum devised by that will was divided. Mrs. Irving would get £20,000. "And the other £20,000 would go to the founding of the charitable institution at Calcutta, making in all £80,000, given between the two sisters for the purpose." The formation of such an institution will be an inestimable benefit to the city. We would commend the subject to the attention of the Eurasian and East Indian Association, and to the sympathetic notice of the Governors of the Free School. It is to be hoped that, when the authorities here are called upon to frame a scheme, they will bear in mind that, although the sum to be employed is more than Rs. 8,00,000, it would be a pity to waste any portion of it on unnecessary buildings.—*Indian Daily News.*

MADRAS.

THE SOUTH WEST MONSOON AT COCHIN.—During the whole of this week we have had little or no rain, and the temperature has, in consequence gone up considerable. We hear complaints from all sides that the paddy plants have withered away owing to the excessive heat. Altogether, the lookout is a very gloomy one for cultivators.—*Cochin Argus.*

THE LATE REV. JAMES MACCARRON.—We regret to record the death of Father James MacCarron, of the Coimbatore Mission, at the General Hospital, on Monday afternoon, at the age of forty years. The reverend gentleman was connected with the Roman Catholic Mission in India for about ten years, and four years ago was appointed Military Chaplain of Wellington. He had been ailing for the past two months from a severe attack of rheumatic fever, and came to Madras six days ago to place himself under proper medical treatment. He was taken to the General Hospital on Sunday, where he died at 3 P.M. on Monday. Father MacCarron, it will be remembered by the Roman Catholic readers, preached the funeral sermon of the late Right Reverend Bishop Stephen Fennelly. His body was brought form the Hospital and laid in the Cathedral on Monday evening, and his remains mere entered yesterday morning in St. Roque's Cemetery.—*Athenæum*, July 27.

Fracas AT THE BANGALORE RACES.—At the races which took place last Saturday evening, an affray is reported to have occurred between a native policeman and a soldier of the 67th Regiment, in which the latter, who was in an intoxicated state at the time, is said to have fared the worse; in fact, the soldier was so severely beaten that he had to be carried to barracks in an unconscious state in a cart, one of the blows dealt by the constable with his baton breaking one of the fingers of the tipsy private who is reported to have received a blow also on his head. Mr. Vardon, Superintendent of the Pettah Police, who came to the spot shortly after the row, took a note of the number of the constable, in view to holding an investigation into the matter. It is also reported that there was a collision between some troopers of Silledar Horse and a number of constables of the Pettah Police, resulting in the discomfiture of the latter four of whom are said to be patients in hospital.—*Bangalore Post.*

Holloway's Pills.—This purifying and regulating Medicine should occasionally be had recourse to during foggy, cold, and wet weather. These Pills are the best preventive of hoarseness, sore throat, diptheria, pleurisy, and asthma, and are sure remedies for congestion, bronchitis, and inflammation. A moderate attention to the directions folded round each box will enable every invalid to take the Pills in the most advantageous manner; they will be taught the proper doses, and the circumstances under which they must be increased or diminished. Holloway's Pills act as alteratives, aperients, and tonics. Whenever they have been taken as the last resource, the result has always been gratifying. Even when they fail to cure, they always prevent the severity of the symptoms and diminish the danger.
